Enjoy the antics of Mitten, the “cat of a lifetime.” Laugh, and cry, as author Bill Voedisch shares the mishaps and adventures of life with animals, highlighted by one special orange tabby, Mitten. Bill helps all of us realize our responsibilities when we take on pet ownership, especially a lifetime commitment to the pet and a death with dignity. Over 100 million pet owners across America will agree: Mitten is one special fur ball.

About the Author

Bill Voedisch is retired from West Publishing, where he was instrumental in the development of WESTLAW™. Today he serves on his township board, plays competitive bridge, raises sweet corn in the summer and plows snow in the winter. As a stray kitty, Mitten found Bill in 1981, and they shared their mutual craziness for nearly 20 years.

“Bill’s book contains a lot of goodness, a little sadness and some triumphs in its pages. You’ll enjoy the read as much as I did.”
