"I loved *HICK!* I've been to Palmyra, Nebraska and she got it right! And I think the book will be good for sophisticated young adults as well. It's a powerful story of independence and growing up despite the odds."

--Ellen Scott, *The Bookworm*, Omaha, NE

"Sometimes a book is so good it just vibrates with life. *Hick* by Andrea Portes is that good. Once you start reading it, you won't want to put it down: you will laugh, you will cry, and you will be amazed by this new writer."

--Diana Cohen, *Books & Company Bookstore*

"[A] chilling debut."--*Publishers Weekly*

A Midwest Connections Pick!

Available at your favorite Midwest Independent Bookseller

Raw and edgy, hilarious, hopeful and heartbreaking, *HICK* is at once a true-to-life portrait of an inviolable spirit threatened by drugs and alcohol, teen sex and crime, and a stubbornly idealistic novel about growing up in America.
