THIS

In **UTTERLY OTTERLY DAY**, Little Otter likes to play in a carefree, unabashed, utterly otterly way. Mom warns, "Be careful!" Dad says, "Stay close!" But does Little Otter listen? Oh, no! No. No. No. Little Otter thinks he's a big otter now. But watch out, Little Otter, because no matter how big you get, it's good to have loved ones looking out for you. For ages 3 to 6.
