WATERS**

“Danielle Sosin constructs a **truly inspiring work of fiction** near the ‘big waters’ of Minnesota. It is an ambitious novel, haunting in its depiction of the life of the characters. **It is a wonderful book. I loved it.**”

**THE LONG-SHINING  
WATERS**

by Danielle Sosin

“This intimate portrait of three women bound by their times and coming unbound in the great tidal pull of history is deeply affecting. *The Long-Shining Waters* is **an enchantment, a challenge, a tale to fall into and carry long after it’s done.**”
