

EMERGENCY ORDER OF LOCAL HEALTH OFFICER

Emergency Public Health Order effective the 24th day of March 2020 at 12:00am to mitigate the spread of the Coronavirus (COVID-19) epidemic in Wyandotte County, Kansas, pursuant to the authority provided in K.S.A. 65-119, K.S.A. 65-129b, K.S.A. 65-202 and other applicable laws or regulations.

WHEREAS, the Local Health Officer is authorized and required, pursuant to K.S.A. 65-119, K.S.A. 65-129b and K.S.A. 65-202 to immediately exercise and maintain a supervision over known or suspected cases of any infectious or contagious disease during its continuance, and to issue orders seeing that all such cases are properly handled and that the provisions of the Kansas public health laws as to isolation, quarantine and disinfection are duly enforced; and

WHEREAS, the Local Health Officer is appointed by the Board of County Commissioners and is authorized to prohibit public gatherings when necessary for the control of any and all infectious or contagious diseases, and use all known measures to prevent the spread of any infectious, contagious or communicable disease; and

WHEREAS on the 13th day of March 2020, the Mayor/CEO of the Unified Government of Kansas City/Wyandotte County, Kansas found that a disaster had occurred, or the threat thereof was imminent within Wyandotte County, Kansas as a result of the Coronavirus pandemic (COVID-19) and the confirmed outbreak and person-to-person spread of COVID-19 in the United States, State of Kansas and Wyandotte County; and

WHEREAS, on the 16th day of March 2020, the Local Health Officer entered an Order prohibiting public gatherings of more than ten (10) people in the County and restricting the operation of certain businesses and activities. Such Order was amended on March 20, 2020 to expand its application.

WHEREAS, on the 17th day of March, the Local Health Officer entered an Order closing all public and private schools until April 6, 2020; and

WHEREAS, on the 19th day of March 2020, the Unified Government Commission adopted a Resolution extending the state of local health emergency for the COVID-19 pandemic from the March 13, 2020 declaration to May 18, 2020; and

WHEREAS, COVID-19, a respiratory disease that spreads easily from person to person and may result in serious illness or death, has been confirmed in Kansas and in Wyandotte County, resulting in serious illness and at least one death to date in Kansas; and

WHEREAS, such conditions endanger health, safety and welfare of persons and property within the border of Wyandotte County, Kansas; and

WHEREAS, to reduce spread of COVID-19, the United States Centers for Disease Control and Prevention (CDC), the Kansas Department of Health and Environment (KDHE) and the Wyandotte County Local Health Officer, all recommend implementation of community mitigation strategies to increase containment of the virus, including cancellation of large gatherings and social distancing in smaller gatherings; and

WHEREAS, the worldwide outbreak of COVID-19 and the resulting epidemic in Kansas and Wyandotte County continue to threaten the life and health of our citizens and visitors as well as the economy and remains a public disaster affecting life, health, property and the public peace: and

WHEREAS, this public health order to shelter in place is being issued to slow the rate of community spread of COVID 19 through intensified social distancing. Without such efforts, it is estimated that each COVID 19 positive patient could infect between 2.6 to 4 other people. Furthermore, there is emerging evidence of transmission among pre-symptomatic and asymptomatic people, making routine case-finding and exposure tracing strategies insufficient. Social distancing strategies are effective when implemented early enough- ideally within 2 weeks of the first case and are key to flattening the epidemic curve to prevent overwhelming our local health care system's ability to care for the proportion of residents who develop severe symptoms. Early implementation of this strategy is even more important in the context of limited testing. With full community cooperation, this proactive public health order can minimize the impact of COVID 19 on our Wyandotte County community.

NOW, THEREFORE, BE IT ORDERED by the Local Health Officer, pursuant to the above authorities, that:

Section One: Stay at Home

Individuals may leave their residence only to perform an Essential Activity. To the extent possible, caregivers should keep their children at their residence unless childcare is necessary for the caregiver to perform an Essential Activity. People at high risk of severe illness from COVID-19 are urged to stay in their residence except as necessary to seek medical care. Individuals who are sick may leave their residence only as necessary to seek or receive medical care in accordance with guidance from public health officials. All individuals shall exercise Social Distancing Requirements at all times.
